

Welcome to Powell Butte Nature Park

On Muddy Days...

Help us provide better trail access for you by not riding or hiking when trails are muddy. This pilot project for the wet season is testing the theory that we can self-manage the decision about when our feet, tires, paws, and hooves will impact the trail.

Thanks for caring for Powell Butte!

A collaborative effort with:

Friends of
Powell Butte

Join us 2nd Saturdays, 9:00 a.m. in the Powell Butte parking lot for trail work. Well-constructed trails shed water and do not become muddy.
